

Manifold 加液表阀

MF536-A
Two-Valve Brass Manifold

- * Forged brass valve body
- * Equipped 68mm metric gauge
- * Rubber root is optional

MF536-B
Two-Valve Brass Manifold

- * Forged brass valve body
- * Equipped 68mm metric gauge
- * Rubber root is optional
- * Sight glass to easily view refrigerant movement and condition

MF236-A
Two-Valve Aluminum Manifold

- * Aluminum alloy valve body
- * Equipped 68mm metric gauge
- * Rubber root is optional
- * Sight glass to easily view refrigerant movement and condition

MF236-B
Two-Valve Aluminum Manifold

- * Aluminum alloy valve body
- * Equipped 68mm metric gauge
- * Rubber root is optional
- * Sight glass to easily view refrigerant movement and condition

MF466-L/H
Single Manifold

- * Brass single manifold
- * Red for high pressure, blue for low pressure
- * Equipped 68mm metric gauge
- * Rubber root is optional

MF467-L/H
Single Manifold

- * Aluminum single manifold
- * Red for high pressure, blue for low pressure
- * Equipped 68mm metric gauge
- * Rubber root is optional

MF468-L/H
Single Manifold

- * Aluminum single manifold with sight glass
- * Red for high pressure, blue for low pressure
- * Equipped 68mm metric gauge
- * Rubber root is optional

Standard Manifold Set

- * Manifold with 2 valves and sight glass
- * RYB charging hoses set
- * Quick couplers for high / low side
- * Heavy duty sturdy plastic case (blue or black)

R-1234yf Manifold Set

- * Manifold with 2 valves and sight glass, with three port of 12mm female fittings
- * RYB charging hoses set, red & blue hose with 12mm male fittings on both sides, yellow hose with 12mm x 1/2 x 16 LH fittings
- * Quick couplers for high / low side
- * Heavy duty sturdy plastic case (blue or black)
