

Electrical Relay 继电器

Short Starter Relay SF series

Description
Available from 1/8 - 1/2 HP
Sealed
Voltage relay

Current Relay SE series

Description
Covers replacement 1/8 HP 115V to 2 HP 230V
Easy installation
General replace almost current relay in refrigerators, freezers, water coolers, pumps and vending machines

Solid State Relay SH series

Description
For refrigeration compressors, can be used with or without run capacitors
4 pin relay, from 1/20 to 1/3 HP
3.5 - 10 A

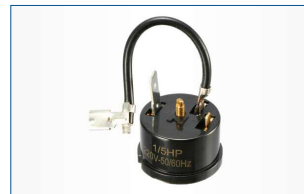

PTC Overload

Description
From 1/8 to 1/2 HP
Water proof and heat resistant
High precision
Steady performance

PTC Starting Relay

Description
Resistance: 12, 22, 33 ohms
Max. Voltage: 450 V
Movement: 0.14 - 0.56 sec.
Resume: less 90 sec.

Motor Protector JRT1 series

Description
Used in refrigeration, A/C, heating and electric motors
Leads and wire nuts for simple installation
From 1/8 to 1/2 HP
