

## Temperature Controller 数字温控器

| Model               | ETC-974          | STC-100A         | STC-200+         |
|---------------------|------------------|------------------|------------------|
| Cooling             | 8 A              | 10 A             | 10 A             |
| Heating             | -                | 8 A              | Optional         |
| Defrost             | 8 A              | -                | -                |
| Fan                 | 8 A              | -                | -                |
| Alarm Output        | -                | Voice (optional) | Voice            |
| Copy Card           | -                | -                | -                |
| Over Temp. Alarm    | √                | √                | √                |
| Temp. Measure Range | -50 °C to +50 °C | -40 °C to +99 °C | -40 °C to +90 °C |
| Temp. Control Range | -50 °C to +50 °C | -40 °C to +99 °C | -40 °C to +70 °C |
| Resolution          | 0.1 °C           | 1 °C             | 1 °C             |
| Accuracy            | ± 1 °C           | ± 1 °C           | ± 1 °C           |
| Sensor              | 2 NTC            | 1 NTC            | 1 NTC            |
| Installation Size   | 71 x 29 mm       | 71 x 29 mm       | 71 x 29 mm       |

| Model               | STC-1000         | STC-8080+        | STC-9200         |
|---------------------|------------------|------------------|------------------|
| Cooling             | 10 A             | 7 A              | 8 A              |
| Heating             | 8 A              | -                | -                |
| Defrost             | -                | 8 A              | 8 A              |
| Fan                 | -                | -                | 8 A              |
| Alarm Output        | -                | Voice            | -                |
| Copy Card           | -                | -                | √                |
| Over Temp. Alarm    | √                | √                | √                |
| Temp. Measure Range | -50 °C to +99 °C | -50 °C to +99 °C | -50 °C to +50 °C |
| Temp. Control Range | -50 °C to +99 °C | -40 °C to +50 °C | -50 °C to +50 °C |
| Resolution          | 0.1 °C           | 1 °C             | 1 °C             |
| Accuracy            | ± 1 °C           | ± 1 °C           | ± 1 °C           |
| Sensor              | 1 NTC            | 1 NTC            | 2 NTC            |
| Installation Size   | 71 x 29 mm       | 71 x 29 mm       | 71 x 29 mm       |
